

include/track.hpp

```
graph TD; A[include/track.hpp] --> B[vector]; A --> C[opencv2/core/types.hpp];
```

A diagram illustrating the dependencies of the file `include/track.hpp`. The top box, labeled `include/track.hpp`, has two arrows pointing downwards to two separate boxes below it. The left box is labeled `vector` and the right box is labeled `opencv2/core/types.hpp`. This indicates that `include/track.hpp` includes both `vector` and `opencv2/core/types.hpp`.
